DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claims 24-26, 35, 36 and 44 are rejected under 35 U.S.C. 102(b) as being anticipated by Teirstein U.S. Pat. No. 5,779,666.

Teirstein discloses a method for supplying a contrast medium to a patient's vascular system comprising: providing a flexible bag filled with contrast medium at essentially atmospheric pressure (14) operatively connecting said flexible bag to the patient's vascular system (col. 5, lines 14-25) via a gas transfer system (10) note: the system (10) purges air, therefore, it is regarded as a gas transfer system; purging said gas transfer system of air (col. 5, lines 5-8 and 60-65); delivering said contrast medium from said flexible bag through said gas transfer system to the patient's vascular system (cols. 5-7); as to claims 25 and 36, (10); as to claim 26 (56); as to claim 35 (10); and as to claim 44, (10).

Art Unit: 3763

Response to Amendment

Claims 27-34 and 37-43 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
